

Description

DEMCO Dome Alarm Bells D-102 IS professionally designed to meet the needs of fire fighting and detection system with central control equipment. The simplicity of the design incorporates fewer working parts, easy installation and high level of efficiency capable for operating under most adverse conditions. DEMCO D-102 is designed to meet the requirement of EN54-3:2001.

Feature

- Well proven high reliability
- Interchangeable base
- Wide opening Voltage range
- Zero standby current
- Low current consumption
- Loud and clear ringing tone
- Universal Application available in three DC Voltages range form 6V, 12V and 24V
- AC Voltages in 110V and 240V for use with most alarm systems

Decible Ratings

AC Type				DC Type
